Civil Society Assembly

**Bilbao Initiative: towards a just peace for Palestine
Bilbao, October 29th,30th and 31st.**

Participant application

Full name:

Organization:

Country:

Email:

Bilbao Initiative is conceived a space for debate and a meeting point where representative Palestinian civil society organizations will present to European civil society organizations different proposals in order to look for a joint action plan.

We want to promote the participation of all organizations (NGO's, trade unions, political organizations in solidarity with the Palestinians) from the Basque Country, Spain and Europe that publicly agree on the "Document of reference: towards a just peace in Palestine".

On the first day, four thematic areas will be presented and debated in a series of four panels that are open to the public.

The second day, a series of corresponding thematic workshops will focus on producing practical action plans for solidarity work based on the discussions the day before and the previous works conducted by the participants.

NOTE:

Take into account that only registered organizations endorsing the document of reference are entitled to participate in the workshops. Fill in, sign and scan or print this application in order to participate in the workshops. Deadline: October 15th.

To be sent to: MEWANDO COORDINATION.
